Little Talks With Want Ad Readers

A great French statesman, just after the Revolution, once said, "Get the ear of the masses and your cause is won."

This statement is true not only in political issues, but even in the lesser things of life, as nearly every Want Ad reader and user will tell you. Home builders, buyers, renters

professional men who have used the Want Columns will tell you of their great efficiency and give as a reason for it the fact that they reach every part of the community—that they get the ear of the people at large.

"Get the ear of the people," is an old slogan, but it is none the less true because of its age, and, just because the Wants are the quickest, cheapest and easiest way of reaching the masses, they are used and lauded by the
